

2025 Excellence in Demolition Awards

The goal of this award is to recognize unique and high quality demolition projects that have taken place over the past year. Any company may apply for more than one project category. Companies are eligible to apply for up to one (1) project for each category.

In addition to this form, you will need to complete and submit your Excellence in Demolition Poster that will be displayed at Demolition San Antonio. Your poster narrative can focus on one or several of the areas below. Your project does not have to contain all elements in order to be considered for the award.

Download the poster template here:

<https://www.demolitionassociation.com/About/Awards/Excellence-in-Demolition-Awards>

Keep in mind that all entries below should be listed and spelled properly, as all titles, names, etc. will be used for awards winners, and promotional materials for all finalists.

The deadline to submit this form is October 18, 2024.

For questions about the process, please contact info@demolitionassociation.com or call (202) 367-1152.

NDA Excellence in Demolition Award

Posters and applications will be evaluated on the following criteria:

Sustainability

A significant portion of your project involved implementing proper processes that use resources efficiently, did not generate hazardous wastes, and promoted beneficial reuse and recycling of building components and materials. This would include material management for recycling materials that could be used in the future.

Community Enhancement

The project recognized the need to support the local community by involvement, enhancement, including economic development by use of local workforce and training, local use of commerce, and materials.

Environmental Enterprise

The work pertained to the development and implementation of unique and innovative solutions that provide significant environmental and social benefit. Consider technical feasibility and commercial viability.

Education

The work involved developing educational programs for the local community and extended beyond those associated with specification compliance programs. Conducted outreach to the local community and provided vocational training for long term employment. Provided an open forum for the public to learn the benefits and aspects of the demolition industry.

Pollution Prevention and Resource Conservation

Project implemented a comprehensive and formalized policy program, systems and procedures, and extend beyond required compliance measures and was able to use resources wisely and train employees.

Special Project Considerations

Project implemented specialty innovations or circumstances that recognizes required innovation on the part of the contractor. Development of alternative methodologies that benefits the industry as a whole.

2. Is this project incomplete, or was there any recordable injury or project accident? *
- Check yes if any are applicable. Please note that any incomplete project or significant injury or accident will make this project ineligible for award.

Check all that apply.

Yes

No

3. If you answered "Yes" to the previous question, please provide an explanation.

4. Which category are you applying for? *

Mark only one oval.

Category 1: \$0 - \$1,000,000

Category 2: \$1,000,001 - \$5,000,000

Category 3: Over \$5,000,000

5. Company Name (s) involved with project (list all entities being nominated): *

6. List of supporting contractors (do not need to be members):

7. Contact Name, Title, and Company *

8. Contact Phone Number *

9. Contact Email Address *

10. Official Name of Project (This is the name that will be used on any award or promotional item.) *

11. Year Project Started *

12. Project Completion Date *

Example: January 7, 2019

13. Expected Man Hours: *

14. Actual Man Hours: *

15. Crew Size: *

16. Expected Completion Time: *

17. Actual Completion Time: *

18. Target Budget: *

19. Actual Budget Outcome: *

20. Percentage of recyclable materials: *

21. How the recyclable materials are being used: *

22. What are you making way for on the demolition site? *

Hunters Point Shoreline Remediation & Restoration

Introduction

The City of San Francisco is pleased to announce the completion of the Hunters Point Shoreline Remediation & Restoration project. This project has been a significant milestone in the city's commitment to environmental sustainability and public safety. The project involved the remediation of contaminated areas and the restoration of the shoreline to its natural state.

Project Overview

The project was a multi-phase effort that included the removal of hazardous materials, the construction of new infrastructure, and the restoration of the shoreline. The project was completed on time and within budget, demonstrating the city's commitment to transparency and accountability.

Key Achievements

- Successful removal of hazardous materials and contamination.
- Construction of new infrastructure, including walkways and bike lanes.
- Restoration of the shoreline to its natural state, creating a more resilient and sustainable environment.

Conclusion

The Hunters Point Shoreline Remediation & Restoration project is a testament to the city's commitment to environmental sustainability and public safety. We are proud of the work that has been done and look forward to continuing our efforts to create a more sustainable and resilient city for all.

ERM

26. Please upload a high-resolution your company logo. This logo may be used in NDA materials and posted to the NDA website. *

Files submitted:

27. Please share your file share link (Dropbox, Google drive) to additional photos, videos, etc. of your project.

28. NDA reserves the right to use all materials submitted in NDA marketing collateral ^{*} and promotional materials including, but not limited to, the NDA website, email marketing, and printed material. These materials are used with the expressed purpose of recognizing the applicants, finalists, and winners or promoting the NDA awards program.
